

Raw Materials Page 1

Activated Carbon Textiles

Aluminium Fibers

Aluminium Hydroxide

Aluminium Nitride

Aluminium Oxide, calcined or fused

Aluminium Titanate

Antimony Trisulfide (Sb_2S_3)

Aramid Fibers, recycled

Barium Sulfate, precipitated

Barytes, also micronized

Bentonite

Bismuth Trisulfide (Bi_2S_3)

Bone Ash, white or black

Borates

Boron Carbide

Boron Nitride, hexagonal

Brass Powder, -Swarfs

Bronze-Swarfs

Brown Fused Alumina

Calcium Hydroxide

Calcium Hydroxyapatite

Cellulose Fibers

Chromite (Chromium Ore)

Chromium Oxide, green

Coconutshell Powder

Cohesion Enhancer

Colemanite (Calcium Borate)

Copper Fibers

Copper Oxide, black

Copper Powder

Cordierite

Corundum, brown or white

Cross-linking Agents

DiCalcium Phosphate

Expandable Graphite

Feldspar, Potassium or Sodium

Fluorspar

Gelatine, technical

Graphite, natural or synthetic

Hematite

Hydrated Lime

Hydrazine Hydrate

Hydroboracite (Calcium Magnesium Borate)

Iron Oxide, black, red and other colours

Iron Powder

Iron Sulfide (FeS)

Kaolin

Kyanite

Kynol® Fibers

Limestone, also Hydrated Lime

Magnesite

Magnesium Carbonate

Magnesium Chloride

Magnesium Oxide or -Hydroxide

Magnetite (Fe_3O_4)

Manganese Sulfide (MnS)

Melamine Formaldehyde Resin

Mica Powder, dry- or wet-ground

Micaceous Iron Oxide

Molybdenum Disulfide (MoS_2)

Molybdenum Pentachloride ($MoCl_5$)

Mullite

Raw Materials Page 2

Nano Metal Powders

Nitrile Butadiene Rubber (NBR), spray dried
Novoloid Fibers (Kynol[®])

Oil Additives

Petroleum Coke

Phenolic Fibers (Kynol[®])
Phenolic Resin, also modified
Pigments
Polyethylene Oxide
Polyethylene Wax, also oxidized
Potassium Titanate
Pyrite (FeS₂)

Quartz Flour

Rubber Powder

Silica, amorphous
Silicon Carbide
Silicon Nitride
Sintered Mullite
Sintering Bed Beads
Sodium Hexafluoroantimonate (NaSbF₆)
Sodium Titanate
Steel Fibers, also stainless steel

Talc

Tin Sulfide 99% (SnS)
Titanates, Potassium and Sodium
TriCalcium Phosphate (Bone Ash)
Tungsten Disulfide (WS₂)
Tungsten Hexachloride (WCl₆)
Tungsten Oxide
Tungsten Powder and Alloys

Vermiculite

Waxes, PE and others
White Fused Alumina
Wollastonite, also silanized

Zinc Phosphate

Zirconium Aluminium Oxide (ZTA)
Zirconium Mullite
Zirconium Oxide and other compounds
Zirconium Silicate, Powder and Sand
Zirconium Tungstate

Auxiliaries:

Abrasive Paint
Adhesives for backplates and linings
Anti-Corrosion Paint
Anti-Noise Paint
Mould Release Agents
